

Required Summer Work for AP Calculus 2021-2022

Seffner Christian Academy

To enable us to get a good start in August for AP Calculus AB, I would like each student to pick up a test preparation workbook at school. They have been ordered, and you will receive an email when they arrive letting you know when they are available for you to pick up. Once you have your book, please read and do all problems on pages 15-52.

I am hoping this will enable us to have more time to review for the AP test. Have a great summer in spite of the work. I am excited to start a new Calculus class.

Mrs. Chris Haddad
