Coaching Evaluations

Every head coach will be evaluated by the Athletic Director at the conclusion of the season. Arranging this meeting is the first duty of the coach following the last game of the season (prior to collecting uniforms, team parties, etc.) In addition, coaches will complete a monthly meeting with the Athletic Director to review progress.

Coaching Competencies

As the Athletic Department of Seffner Christian Academy grows, a stronger emphasis will be placed on accountability and credibility. There is also a need for specific job descriptions, so the coach is aware of what is expected of him/her by the athletic director. The following are several categories regarding these expectations:

Rapport

A coach must develop good rapport with a number of individuals and groups, including, but not limited to: team personnel, the student body, SCA Middle and High School Staff, parents, officials, media, other coaches of the league and district that they are a part of. The value of good public relations where winning and losing, success and failure are concerned is important.

Cooperation

The athletic director expects a give and take relationship between individuals associated with the athletic program. Coaches must work hand in hand with the athletic director, administrator, and other members of the coaching staff. With limited budgets, expansion of the SCA Athletic Program, and multi-use athletic facilities, cooperation is essential.

Leadership

Under the heading of leadership, there are a number of specific items: Diligence, enthusiasm, work ethic are parts of a professional pride that should be exhibited by a coach. Personal appearance, dress, and physical condition should all be exemplary.

A coach should be in control at all times. Language, actions, and emotional displays come under close scrutiny, both in practice, and during athletic contests. Integrity, graciousness, dignity, and respect are to be cultivated- for players, officials, opponents, colleagues, and the game itself- in winning and losing.

A coach is responsible for every facet of discipline. Individually, the coach becomes a model of all that the program represents- observation of school codes, training rules, rules of the game, good sportsmanship, behavior of participants throughout the season at home and away, and to some degree, for the sportsmanship of the crowd, where the student body is concerned. Desire to do well, to win well, and to lose well should be emphasized. Staff, players, and spectators should be motivated toward established goals. A coach is expected to give willingly of his time, energy, and spirit as the seasons demand. The quality of leadership provided very often makes all the difference.

Improvement

A coach must constantly take advantage of opportunities presented for self-improvement. Attendance at District meetings, rules clinics, special workshops, and clinics in specific fields is a must. Membership should be maintained in professional organizations, coaches associations, and similar groups whose programs are geared toward greater achievement.

Participation, association, involvement in immorality, homosexuality (including self-identification), bisexuality, transgender lifestyle/identity, illegal drug use or possession, alcohol use or possession will result in immediate dismissal from the staff.

It will be the discretion of the coach, whether they will allow the athlete to compete the following year in the same sport.***

Athletic Department Policies and Guidelines

Eligibility

Eligibility requirements include, but are not limited to, the following:

- Must legally be a student at SCA or homeschooled.
- A student has eligibility up to the age of 19 years old. A student must be 19 years old or younger by the first date of the sport season. If they turn 19 years old they are eligible to finish that sport season in which they are in.
- Students must have a cumulative un-weighted GPA of at least 2.0 from the beginning of their freshman year.
- A student who falls under a 2.0 GPA after their first semester of ninth grade is ineligible for the spring semester. There may be certain exemptions for 10th graders who do not have a cumulative 2.0 but who do have a 2.0 for their previous semester. *See the Athletic Director for clarification.*
- Grades will be checked by the Athletic Director or Assistant Athletic Director at the end of each semester.
- A student who is not eligible at the beginning of the academic year cannot become eligible until the beginning of the second semester.
- Any questions or concerns related to eligibility are to be directed to the AD.
- Using an ineligible student-athlete will result in forfeiture and a fine by the FHSAA. Any coach who knowingly uses an ineligible student-athlete may be terminated.
- Any player at a contest in uniform is considered to have played in that game. MS, JV and Varsity teams must be separated from each other on game dates.
- Do not use any player until you receive confirmation of eligibility from the Athletic Director and Athletic Trainer.
- All team managers must have physicals on file with the Athletic Trainer and cleared through the athletic office.
- In addition to the FHSAA's academic requirements, SCA requires athletes to have no F's in any subject at the end of each nine-week grading period in order to participate in any extracurricular activity.
- At the beginning of the school year, grades will be checked at the six-week period to determine the athletes' eligibility of that sport. For the remainder of the school year, grades will be checked at the nine-week period.
- An athlete that fails a subject for the first semester will be ineligible to participate in athletics for the second semester. An athlete that fails the first or second semester will be required to make up the subject(s) through Florida Virtual School (FLVS). This must complete by the first game of the sport the child will be participating in.

- In an instance where a student is declared academically ineligible due to grades or on a report card, his/her grades may be recomputed with the Academic Progress Report (3-week report) on a cumulative basis. This computation will take place at the end of the three-week grading period.

- An athlete that fails a nine-week grading period may become eligible at the end of twelve weeks, or at the end of fifteen weeks. After that time period, the student's semester grades will be computed to determine eligibility

- If an athlete is declared ineligible, the student may sit with the team at home games, but may not dress out. They may not travel with the team to away games. If a student is declared academically ineligible, the student will be informed by the Athletic Director. The Athletic Director will notify the Head Coach of the ineligible athlete. Ineligible students will be allowed to practice with the team at the coaches' discretion.

- Any athlete who does not finish a sport season, for eligibility or disciplinary reasons, will not be eligible to receive any awards at the Athletic Banquet.

- Good cause transfer policy. Pursuant to FHSAA Transfer regulation 9.3.2.2

- 2) Students must meet academic eligibility requirements as determined by the FHSAA and Seffner Christian Academy
- 3) Students must meet behavioral requirements as put forth by Seffner Christian Academy - this may require confirmation of good behavior or reference from school in which student is transferring from.
- 4) The decision to allow a transfer student to try out for a team will be made by a committee consisting of the athletic director, appropriate coach, and head of school.

Participation

Students in grades 5th-12th may participate in interscholastic athletics. Only 6th-12th grade students will be eligible to participate in athletics at the varsity level. Elementary students, grades K-5th, may participate in SCA's intramural Little Crusaders program. Any athlete in Middle School may try out for a Junior Varsity or Varsity team.

Athletes will only be allowed to participate in one sport each season (Fall, Winter, Spring).

The SCA Athletic Program allows homeschool athletes to participate in interscholastic sports. Homeschoolers have contributed to the success of our athletic program over the years. They will have the same opportunity to make any of our teams as an SCA student.

Athletes who make a team have an obligation to the school team that supersedes any participation on AAU teams, Recreation League teams, etc. Athletes are strongly advised against participating in these leagues while their school team is in-season.

Pre-Game music

Pre-game music and team intro music must be approved by administration.

Summer/Off-Season Programs

All students involved in activities must have completed and approved physical packets on file.

Outside organizations which rent facilities must have a contract with SCA as well as proper insurance. They may not use the school name, uniforms or equipment.

Do not allow students to be unsupervised. Allowing unsupervised students in a facility will result in that summer program being cancelled.

Only SCA students that are fully enrolled may participate in off-season/summer activities with Crusader teams. Students that are not completed with the enrollment process may not participate or attend summer activities until all paperwork is completed through the Admissions Office.

Transportation

All athletes must ride the school bus to off-campus activities, unless approval is granted by the coach or school administration. When an athletic event takes place on non-school day, the Head Coach may grant approval for athletes to provide their own transportation to the event.

Never transport student-athletes in the back of a pick-up truck.

Non-SCA students are not permitted to ride the bus.

Athletes are expected to conduct themselves in a proper manner when traveling to and from away games.

Athletes that are riding home with their parents after an away game must inform their coach before they leave.

For certain big games, SCA will provide a "fan bus", which will provide transportation to the athletic event. All students traveling on the bus must have a written permission slip signed by their parents before their departure.

Students who have their own car must take caution in driving to the SCA Athletic Complex. Students must not drive faster than 10 mph when going through the Athletic Complex.

Facilities

- For some teams it is necessary to use off-campus facilities.
 - Safety and security are the number one priority when utilizing off campus sights. Proper supervision should be provided at all times, and all agreement paperwork should be filled out before utilizing an off campus sight.

- Scheduling use of on-campus facilities by outside organizations should be made with the approval of the Athletic Director. Facility lease agreements and proper insurance coverage must be in place in order for any outside group to rent facilities.
- A coach cannot give permission for anyone or any group to use SCA facilities.
- Coaches wishing to schedule practices or conditioning in any on-campus facility should meet with the AD and other affected coaches to avoid scheduling conflicts.
- Due to FHSAA scheduling, there are unavoidable overlaps in seasons. Priority use of facilities is given to the team whose season is concluding. Fall sports have facility priority over winter; winter has priority over spring. Coaches are strongly encouraged to work cooperatively and communicate with each other to alleviate unnecessary conflicts.
- Coaches are expected to maintain facilities on a DAILY basis. Make sure that all equipment is stored neatly in the teams assigned storage space and locker room. All teams are expected to take pride in their facilities and make sure that the area looks as clean as possible.
- Coaches are expected to schedule a meeting with the athletic director and an administrator regarding any large scale improvements to their facility. Improving your facility is strongly encouraged, but we want to make sure that all proper steps are taken to ensure compliance with the county and all state codes.
- Coaches are responsible to make sure that all doors and gates are locked after practices and games.

Gym / Fields

- All gym and field usage should be scheduled with the Athletic Department to be placed on the master calendar.
- Priority always goes to the in season team. Then to the team that has their season next.
- Please put equipment away neatly at the end of each day in the appropriate storage area.

Weight Room Usage

- The weight room is a common-use facility. Each team will have equal access to this facility, with priority given to in-season sports.
- Coaches will schedule the weight room through the athletic department.
- No student is permitted to use the weight room without direct supervision from a SCA coach or teacher.
- All music played in weight room must be by Christian artists and played at a volume level that does not interfere with classes or other teams practices

Tryouts

Tryouts for each sport will be conducted over a period of time deemed necessary by the Head Coach

Athletes must be at tryouts to be eligible to make the team.

In a case where an athlete is out of town or sick while tryouts occur, a coach may make arrangements for a separate tryout for that athlete.

Coaches may schedule practices and games on Saturdays, on days off school, or over Holiday Breaks, but no practices or games may ever be held on Sundays.

The Head Coach of each sport will notify each athlete of their policy on missing practices.

Attendance at practices and games on days off school, over Holiday Breaks, etc. is mandatory unless the athletes' family is going out of town. In any case, the athlete must notify the coach in advance.

Sportsmanship

Sportsmanship plays a vital role in the Athletic Program at SCA. Other parents, fans, schools, coaches, and officials judge a school by their sportsmanship during an athletic contest. All SCA athletes, parents, students, and coaches are to display behavior that will uphold the name of Jesus Christ and Seffner Christian Academy. The following policies established by the FHSAA concerning sportsmanship should be followed:

- Cheering should be done in support of our team and no athlete or parent may publicly criticize or berate an athlete, coach, or official prior to, during, or after any athletic contest
- Under no circumstance will an athlete or parent confront, question, challenge, rebuke, or threaten any coach, athlete, or officials.

- Under no circumstances will a parent confront a coach about playing time, coaching decisions, etc. after a game. The parent must schedule a meeting with the coach in private
- Officials and school administrators are responsible for the conduct of spectators during an athletic event. Spectators will be asked to restrain themselves, or leave the premises if their conduct interferes in any way
- Do not applaud errors by opponents or penalties inflicted on them.
- Treat all players, coaches, officials, and opposing fans as you would like to be treated
- Understand that you are an ambassador for your school. Others will base their impressions of your school on your attitude and behavior
- Respect the game and learn the rules
- Do not throw items of any kind on the playing surface.
- Booing or heckling an official's decision is unacceptable
- ABOVE ALL, ONLY DISPLAY BEHAVIOR THAT WILL MODEL THE LORD JESUS CHRIST!

Playing Time

At SCA, all games are played to win. No athlete is guaranteed a certain amount of playing time. At the Middle School level, all athletes will play during the course of each game, but not every athlete will play the same amount of time. Our Middle School teams act as a feeder program to our High School teams. No parent should ever confront a coach about playing time immediately after the game. Any questions a parent may have about their child's playing time must be done in a private, scheduled meeting with the coach.

At the High School level, the coach will decide which athletes on the team will put their team in the best position to win. No Junior Varsity or Varsity athlete is guaranteed playing time.

Uniforms

Uniforms are distributed by the Coach at the beginning of each season. All athletes must turn their uniform in to the Head Coach after the last game of the season. Students who have uniforms that have not been turned in will have their report cards held, and will not receive any athletic awards until they are turned in. An athlete that has lost a uniform will be charged the price of the uniform to their student account.

Athletic Fees

Each athlete is charged \$100 for every sport that they participate in (MS Football \$225, Varsity Football \$325). The fees help offset the cost of the program. The athletic fee is charged to the student account. An athlete that tries out for a sport, and does not make the team, will not be charged an athletic fee.

Schedules

Game schedules are posted on the schools website, in the school newsletter, and on RenWeb. It is advised that parents check the athletic website or RenWeb every day that there is an athletic contest, since game schedules can change frequently. In an event that there is a schedule change, the change will be posted immediately on the athletic page of the school website.

Games

It is the intent of the SCA Athletic Department to play games against strong competition in order to develop our athletes. To that end, games are often scheduled on days off, over School Holidays, etc. All athletes who make a team are expected to participate in games on such days. Schedules are posted on the school web site well in advance in order for parents to schedule vacations and such around their child's games.
