

## Required Summer Work for AP World 2022-2023

### Seffner Christian Academy

Welcome to AP World History. This year we will examine the social, political, economic, and geographic/environmental context of the different regions of the world and explore how they relate to one another.

#### Part I:

Using the link below, fill in the graphic organizer with information you have researched on the major world religions. You will be turning in the graphic organizer on the second day of class.

#### Part II:

Create a Quizlet with definitions for the terms and people we will be discussing in the first unit. This Quizlet will be due the first day of school and we will have a vocabulary test on unit one the second week of school. The terms and people can be found via the following link:

#### Part III:

I would like for you to memorize the countries below and be able to locate them on a map. If you do this well, the knowledge will not only benefit you in this class, but will also add to your understanding of the world around us for which God has invited us to care. We will have a geography test the first week of school. You are only responsible for the list below. This is mandatory for you to do as summer work. For your benefit, here is a link to a helpful geography review site with **maps for Practice**:
